Gasoline lighting plants and oil lamps have taken the place of natural gas in several business places about town. GAY MASQUERADERS

A masquerade party composed of Mr. and Mrs. H. J. Beardsley, Mr. and Mrs. C. H. Hine, Mr. and Mrs. Jas. Harding, Mr. and Mrs. G. D. Kimmel, Mr. and Mrs. L. A. Manchester, Mr. and Mrs. M. H. Liddle, Mr. and Mrs. W. C. Wilson and Mrs. Elizabeth McClure were entertained at the spacious country home of Mr. and Mrs. C. C. Bowman, south of Ellsworth, Wednesday night. Such a cosmopolitan gathering has seldom, if ever, been seen under one roof. Denizens of the bowerly, members of the four hundred and even the nobility and rulers of Europe were all there. Mrs. McClure impersonated the lost Charlie Ross, Chas. Hine the Mother of Nations, Mrs. L. A. Manchester was Prince Chownsky, Mrs. Hine appeared as Foxy Grandpa, I. A. Manchester was there as Chauncey Depew, Mrs. Liddle as Minnehaha was elegantly clad in buckskins and gaudily bedecked with feathers and paint, and Mrs. Wilson and M. H. Liddle played the part of naval cadets. Other guests were present, elegantly, and otherwise costume, and would have done credit to any artist of the stage. After an evening of pleasure and the disposition of a sumptuous, two-course dinner, the Prince went home to gather eggs, Foxy Grandpa to bake pies and perform the other multifarious duties of the good housewife. Chauncey Depew to water his stock, Minnehaha to get her young cadet his breakfast and Charlie Ross, to dream and foster hopes of again being found in similar circumstances. And thus ended, in commonplace everyday events, the first of the season's local events.

GOING TO THE APPLE SHOW?

It will be the greatest exhibit of apples ever shown in Northeast Ohio. Just make up your mind that you are going, that you can't afford to miss it.

Where is it to be? In the public library, Youngstown. When? December 7, 8 and 9. Now don't forget the place, date and subject—Apples. You will not be disappointed if you go there expecting to see more different kinds of apples than you ever before saw under one roof; they'll be there, all right.

The one valuable thing about the show will be that every variety of apple will be correctly labeled from the Wooster Experiment Station—men who know apples. The red apples will not all be labeled "Redwins". Ben Davis and all the rest of them will wear the proper badge.

Now, after seeing the apples, you will naturally wonder how there comes to be so many varieties; because you will probably know that when you plant the seed of the luscious Gate apple, the trees grow therefrom will produce "any old thing" except real Gates. You will, therefore wonder where and how so many Gate trees are produced. Come to the show and find out; for on Friday, Dec. 8th, there will be speakers on the program, forenoon and afternoon, who will tell you—if they can—everything you want to know about apples. One of the speakers will tell you something about grafting and budding, and a few other "tricks in the trade" that will be helpful to you.

Come to the show. The public library is on Wick Avenue, just a little way above the old court house. A fine building; plenty of room, and books, there more books. That reminds me, that Mr. Wheeler, Librarian, wants to tell you something about how you can have these books brought to your own home. Don't miss that feature of the program.
